Table notes

Although the headline ranking figures show changes in the data year to year, the pattern of clustering among the schools is equally significant. Some 335 points separate the top school from the school ranked number 80. The top 14 schools, from IMD to HEC Paris form the elite group of providers of open enrolment programmes. The second group spans 49 places from University of Toronto: Rotman to Solvay Brussels School of Economics and Management. The third group of 17 schools is headed by Indian Institute of Management Bangalore.
